LIFEBOOK C Series
High-tech for everyone
LIFEBOOK C-6xx7

If you're looking for an elegant yet functional design, plus the best in TFT-display technology, all at an affordable price, you'll find just what you need in the LIFEBOOK C Series. The all-in-one features of this notebook satisfy all your wishes, giving you a maximum of functionality and an eye-catching design. This notebook PC comes ready equipped with all the basics you need for mobile computing. Ideal for users who want to get straight down to work, it features a built-in floppy drive, a brilliant display, plus your choice of either CD-ROM or DVD drive, and of course LAN and modem connections. You've got a choice of either the Intel® Celeron™ 850 or Pentium® III 850 processor.

Standard:

- Intel® CeleronTM processor 850 MHz or Intel® Pentium® III processor 850 MHz with Intel 815EM chipset

- All-in-one-design (comfortable, simultaneous use of CD-ROM / DVD-ROM, floppy, hard disk and battery)

- Secure your LIFEBOOK via Security Panel and integrated SmartCard reader

- Large 14.1" XGA display with brilliant resolutions. Supported by 11MB graphics memory

- Standard S-Video support, for watching your favourite DVD movies on an external screen

- Mobile Management – Wired for Management 2.0 compliant

- Deskview including features such as DeskInfo and DeskAlert included as standard

- Built-in 56 Kbps V.90 international modem and 10/100 Mbps Ethernet LAN adapter

- Windows 98SE/ME Dual Installation or Windows NT/2000 Dual Installation, all with Microsoft Word and Works pre-installed
